% of items with better price compared to previous year			15	63%	The figures can't be declared due to confidentiality agreement with supplier.										
% of items UNFPA has better price compared to MSH			16	89%											
% of items UNFPA has better price compared to USAID			11	69%											

- when cost is more than \$10
- when cost is between \$5 to \$10
- when cost is between \$1 to \$5
- when cost is under \$1
- When UNFPA's current price is more than 10% higher than previous years or other procurers
- When UNFPA's current price is less than 10% higher than previous years or other procurers
- When UNFPA's current price is better than previous years or other procurers

\* Calculated based on Total Annual Cost/Annual Quantity Procured; Item cost only, other costs are not included.
